Tailored trunk trays.

Autoform is a market leading manufacturer and supplier of trunk trays for the automotive industry. We have a wide range of custom-made trunk trays, made to fit each individual vehicle. Today, we have approximately 500 different types that are designed in close collaboration with leading car manufacturers.

Our trunk trays are branded with manufacturers unique logos and patterns or the Calix group brand. Each trunk tray is light, flexible, durable and designed to stand the test of time. Autoforms' trunk trays help to keep the car interior clean and make everyday life easier, regardless of car model.

Designed for everyday use:

- Easy to clean
- Minimize wear and tear of the interior trim
- Laminated with an anti-slip surface
- Light, flexible and long lasting

Custom-made to fit your vehicle:

- Branded with manufacturers' logos and patterns or the Calix Group brand
- A number of types available
- Individual fit for each vehicle

Flexible product range:

- Product development in collaboration with leading vehicle manufacturers
- Thickness from 1 to 5 mm
- Edges between 20 to 300 mm high

Production:

- Made from 100% recyclable polypropylene
- Modern production facilities

A proud supplier.

At Autoform our strategy has always been to have a professional and close cooperation with the automotive industry. We are very proud of being a supplier to many well known manufacturers.

This is Autoform.

Autoform is a leading manufacturer and supplier of automotive accessories and industrial components. With production and headquarters in Malung, Sweden, we work globally to support the worlds' leading vehicle manufacturers.

Our range of products includes trunk trays, roof boxes, stowage boxes/parcel shelves and customized thermoplastic parts. We supply a wide range of accessories for the automotive aftermarket. Autoform is also a subcontractor offering unique and customized plastic parts to clients in various industries.

The Calix Group.

Autoform is a part of the Calix Group AB, owned by Bark Invest AB.

The Calix Group focuses on automotive accessories and consists of:

- Autoform AB
- PeBe AB (Car seat upholsteries and car accessories)
- Calix Automotive AB (Electrical vehicle pre-heating systems)

Another group within Bark Invest is the Klippan Group AB, which consists of:

- Klippan Safety AB (Safety and comfort products for the automotive industry)
- Andrénplast AB (Vacuum formed plastic parts)
- Preciform AB (Stainless steel and aluminium parts)

Together we share a strong presence in the automotive business.
